

● WARM UP

When you look into the mirror in the morning, what do you see? Who do you see? Frequently when we look to ourselves the question of capacity arises. The enemy questions our ability to achieve. Asking questions like, can you really do it?

When we discover our union with Christ, we realise that we have the privilege, capacity and influence (authority) that originally belonged to Adam before the fall. It's been completely restored to us. This gives us the ability to walk in a manner that reflects our Creator to the world. We discover the power that has always been in our design.

● READ Ephesians 4:1 (NKJV)

● BACKGROUND

Paul appeals to the Ephesians, urging them on in their walk. As we have now discovered our position in Christ (seated in heavenly places), we have a reference. We can now stand up and start walking. Our service to the Father is now a reflection of the abundance we have received in Christ. When you have abundance, giving and serving is easy to do.

● QUESTIONS

- 1 How does the realisation that Christ lives in you affect the way you see yourself?

- 2 How does the way you see yourself, as a son of God seated in heavenly places, affect your attitude to others?

- 3 What are some ways you could use your God-given abilities and/or spiritual gifts to serve others or demonstrate Christ to others more?

● CONSIDER THIS

People judge on two levels: activity and activity. Actions do truly speak louder than words. As we aim to be disciples of the Father, our actions in our daily lives are reflections of our beliefs. They are a mechanism of transformation in the lives of people around us. The way we walk will either empower or disempower people to receive the revelation of Christ.

● REAL LIFE STORIES OF GOD'S POWER

I went to a Bill Subritzky meeting in about 1989. I didn't go for healing, I went with a group of friends. Bill had a word of knowledge and called me forward. I was healed of a hernia and I have never had any problems from that day to this. Tony
