

Personal revival begins with us.

We read in Psalm 85:6 *'Will you not revive us again, that your people may rejoice in you?'* How can we as God's vessels, be stirred up spiritually?

What does it mean to be revived in our personal spiritual life, ministry, business, marriage and finances? To be revived is to be transformed, to have renewed strength and to be reawakened. As Jesus said to His followers, *'Keep your lamps burning'* (Luke 12:35).

We need to get *'fred up again'* for the Lord. Today we are asking the Lord to *'revive our desire, our hope, our purpose and to look to the Holy Spirit to anoint us with fresh zeal'*.
